

## Sales viewings at Medmerry Park

The safety of Medmerry Park and all visitors is our absolute priority and therefore we are following improved safety guidelines for all Sales Appointments.

Please ensure that you have received and read our park information prior to visiting the park for a viewing, including.

- Essential guide to buying a holiday home
- Annual costs
- Current sales listing

More information and details of our Leases can be found at [www.medmerrypark.com](http://www.medmerrypark.com)

Viewings may only take place when government instructions permit and when full residential address details are provided. Sales viewings will be confirmed in advance and by appointment only by contacting [enquiries@medmerrypark.com](mailto:enquiries@medmerrypark.com) or 01243 671213.

Please Use the QR Code for entry to the Park via the NHS app available by the park Gate & intercom.

Please wear suitable face coverings when visiting the Park Office unless visitors are exempt from this requirement (please inform the office prior to the appointment if this is the case)

We will adhere to all social distancing measures during your visit. We will be providing access to the bungalows which will have been cleaned & sanitised prior to your appointment. We encourage a contactless visit whilst you are in the bungalow limiting any opportunity to touch surfaces as well as no mixing of households in the space. We will have hand sanitiser available and would encourage you to use this during your time with us.

If you have any concerns or special requests regarding your visit please discuss them with us before the day and we will do our best to accommodate your needs safely.

We look forward to seeing you.
